## Sensitivity

emissions, and other environmental impacts.

www.wwf.org.uk

(9) ~~www.wwf.org.uk~~

WWF does not manufacture or sell products that contain palm oil. We strive to conserve biodiversity and prevent deforestation.

## 4. Product Quality and Safety

(1) ~~www.wwf.org.uk~~

When we purchase goods, we require our suppliers to provide us with information on the origin of the goods, including the country of origin, the type of raw materials used, and the manufacturing process.

As a responsible consumer, we will only purchase goods from suppliers who can provide us with information on the origin of the goods, including the country of origin, the type of raw materials used, and the manufacturing process.

All goods are sourced from responsible suppliers.

## 5. Ethics
